To mark the 100th anniversary of Reverchon Park, a Centennial Celebration will be held on Saturday, September 12, 2015. Friends of Reverchon Park, the Dallas Park and Recreation Department and Texas Scottish Rite Hospital for Children are looking for partners to help make this historic occasion a huge success!

ABOUT THE PARK

Reverchon Park enjoys a storied past and has been revitalized in recent years, with more than tens of thousands of Dallas citizens utilizing the park annually. Many community events are held in the park, which has become a destination where groups and families can enjoy recreational activities in a beautiful setting.

First called Turtle Creek Park, it was designed in 1915 as Dallas’ Central Park on 36 acres of what was then far North Dallas. The park later expanded to 46 acres and was renamed for botanist Julian Reverchon.

In the 1920s, people traveled to the park to experience the healing powers of the Gill Well. In the 1930s, the Works Progress Administration added stonework, including the Iris Bowl and the massive Hillside Terrace that today connects the park to the Katy Trail. Baseball stars Willie Mays, Bob Feller and Bob Lemon once played on the park’s ball field, and hundreds of orthopedic surgeons attending a conference at Scottish Rite Hospital built a playground in a day. A recreation center opened in 1975.

COMMUNITY COLLABORATION

For 17 years, Friends of Reverchon Park, the Dallas Park and Recreation Department and Texas Scottish Rite Hospital for Children have partnered for the annual Reverchon Roundup community cleanup, with support and participation from sponsors, volunteers and neighbors. By underwriting the Reverchon Park Centennial Celebration, you will be investing in our community and supporting our efforts to preserve this unique and historic park for future generations.

As a jewel of the Dallas park system, Reverchon Park is one of the city’s greatest assets, inviting neighborhood residents and people from all over the city to enjoy its beautiful natural setting. From the cozy Iris Bowl to the stunning Hillside Terrace, Reverchon is home to many community activities. Baseball teams play on the park’s diamonds, runners and walkers connect to the adjacent Katy Trail and children and families enjoy its recreation center.

Over the past two decades, Reverchon has been revitalized, thanks to the efforts of Friends of Reverchon Park, the Dallas Park and Recreation Department and Texas Scottish Rite Hospital for Children. Among the many ways to support the park is the Reverchon Park Centennial Celebration, as we look for partners to help us mark this historic milestone. This is a wonderful opportunity for your company or organization to gain exposure and support the community.
